GRADE 12 GRAD AND A WORKING WOMAN

Hi Friends! This past month has been a big one amidst tying up loose ends to graduate and celebrating the end of a long 14 years of school with my friends! With the celebrations now coming to a close, and the summer just beginning, I got a job working in the Saanich Neighbourhood Parks Program for 10 weeks.

ABOUT THE SHIP

In coming months the Logos Hope will be visiting Kingstown, St Vincent and the Grenadines until late July followed by Casteries and St Lucia. After working in the Caribbean, the Logos Hope is potentially visiting West Africa. Should I decide to extend my stay to 5 months, I could end up there as well! See video of what to expect from the Logos' visit to Africa in 2015 <http://logoshope.tv/video/200844647>. Another recent development: my second cousin, Zoe Penner, will also be attending with the STEP program, so I look forward to having family on board!

NEXT STEPS

Thank you for all the support to getting me to where I am currently! Plans are now starting to solidify as I have been officially accepted into the STEP program. The next steps to embarking on this adventure include turning pledges into donations (more info below) and receiving the necessary vaccines to travel to Caribbean countries.

PRAYER:

- Praise God for pledges and support already received
- Discernment in whether to extend beyond 3 months
- No hiccups in getting the vaccines

FINANCES AND PRAYER SUPPORT

Thanks to everyone who has pledged money or committed to being a prayer supporter. I have been overwhelmed with your generosity. For those of you who have pledged support, can you please make your donation to OM Canada between now and July 15. Click on this link to see the options for giving <https://www.om.org/ca/en/content/om-canada-ways-give>. Please choose the one-time donation, as all my funding must be in place by the end of July. When donating, remember to write in the memo line that it's for Lucia Harder; that way it gets to my OM account. Thanks again for your support!
